**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Capital Assets**

Capital assets are depreciated on a declining balance method at the following annual rates. Furniture and equipment is depreciated at 20%, Computers at 30%. Additions during the year are depreciated at half the regular rates.

**Revenue and Expense Recognition**

As in normal practice, revenues and expenditures are reported on an accrual basis, where revenues and expenditures are reported when they are incurred and not necessarily when they are received or paid. Two activities of the Association are reported on a cash basis. These are the Awards revenue and the Membership revenue.

**Use of Estimates**

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the period in which they become known.

A substantial number of people have donated time to the organization. No value has been reflected in the financial statements for these donations.

**3. FINANCIAL INSTRUMENTS**

**Fair Values of Financial Assets and Liabilities**

The organization's financial instruments consist of cash, accounts receivable, accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the organization is not exposed to significant interest, currency or credit risks arising from these financial instruments.

Cash balances held by the Chapter at year end are considered assets of The Canadian Association of Journalists. The Association is ultimately liable for any debts incurred by the Chapters.
